

The Town of Holland met Monday October 1, 2018 at 7pm to act upon the request of Sara Zouski-Teske to have parcel 62-2 from exclusive ag to ag residential.

Chmn Rotzenberg called the meeting to order, the map showing the locations were examined and the board was familiar with the site and the certified survey map was already done. No one appeared at the public hearing and the board stated that the parcel met criteria of the needs of the Farm Preservation Act. It wouldn't disturb the remaining land around it and it is consistent with the town's comprehensive plan. After reviewing all of the information Chmn Rotzenberg called for a motion. Mike Geiger made the motion to grant the change of parcel 62-2 from exclusive ag to ag residential, a second was given by Butch Jeske. Motion passed unanimously

Being no other business, a motion to adjourn was made by Butch Jeske, seconded by Pete Colwell. Meeting adjourned.
