

## Holland Town Yard Waste Update

Thanks to all of the participants that make the yard waste system work. We are now on our 4<sup>th</sup> year. I have received many positive comments from participants and from Deyo disposal. Deyo said they are finding less yard waste in the garbage containers. The charge for yard waste disposal is less that of our regular garbage. This is a savings to the town and to us on our taxes.

I will continue to run the yard waste thru this year. Date and times were in the spring news letter and can also be found on the towns web site.

Please remember to keep social distancing when dropping your yard waste off.

The last 2 years we have had a recycling – appliance drive in May. This was canceled because of Covid 19 virus.

Brown County Health Dept. contacted the town and asked us to cancel any further appliance recycling this year. Hopefully we can do this next year.
